

Kane Dental Aventura

Kane Dental is a general, cosmetic and implant dentistry office located in the Loehmann's Fashion Island Center in Aventura, Florida. We offer bridges, dental implants, crowns, and veneers.

Our goal is to provide a superior level of dental care in a relaxed and friendly environment. Our patients are our most important asset and we strive to develop long lasting, trusting relationships with all of our patients.

Invisalign

Invisalign is a new system of straightening teeth without the use of conventional braces. A series of clear plastic aligners are utilized to create tooth movement. Moving teeth with removable aligners is not new. However, the computer program, which can generate a series of aligners with small changes is the new part. Invisalign is recommended for orthodontic situations with mild to moderate spacing or crowding. They are virtually undetectable, easy to use and comfortable to wear.

KANE DENTAL

Kane Dental aims to provide top quality dental services in Aventura.

Over the past five decades the Kane family has been providing for the dental needs of Aventura residents. Originally opened by the father of the Kane brothers, this family practice takes pride in their history of comprehensive dental plans. After many years of aiding the community on a traditional schedule, the team at Kane Dental decided it was time to provide an extended service to the community.
